

ABC NURSERY POLICIES AND PROCEDURES

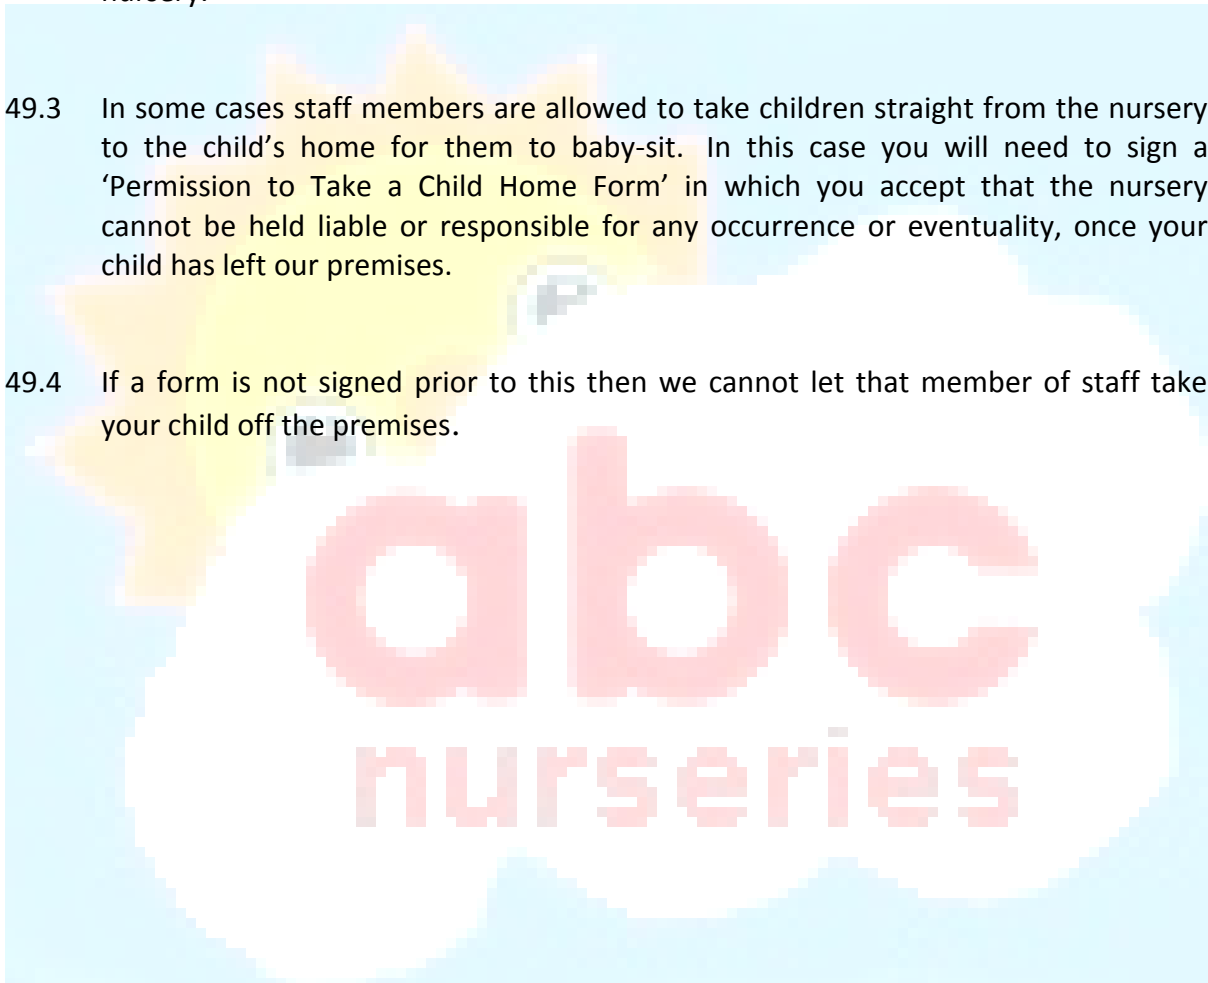

POLICY 49: Out of Hours Babysitting

49.1 At ABC Nursery and Pre-school it is up to the individual staff if they wish to baby-sit for the children from the setting in their own time.

49.2 This arrangement is to be made with that member of staff and the parent/carer out side of working hours and must not interfere with the professionalism of the nursery.

49.3 In some cases staff members are allowed to take children straight from the nursery to the child's home for them to baby-sit. In this case you will need to sign a 'Permission to Take a Child Home Form' in which you accept that the nursery cannot be held liable or responsible for any occurrence or eventuality, once your child has left our premises.

49.4 If a form is not signed prior to this then we cannot let that member of staff take your child off the premises.
